EMPIRE STATE PARTNERSHIP PROGRAM (ESP)

ESP unites the New York State Council on the Arts and the State Education Department in an effort to increase student achievement through the New York State Learning Standards by strengthening teaching and learning in all disciplines, and integrating the use of arts and cultural resources into educational practice across the curriculum.

ESP creates professional development opportunities that focus on:

- Sharing promising/best practices and successes, both within each network and beyond.
- Sharing, and exploring solutions to, struggles and needs from within each network and beyond.
- Sharing resources.
- Advocating for support of Arts-in-Education in our communities.
- Extending the learning from the ESP Statewide Professional Development Program.
